

SECURISYN MEDICAL

Inventing the
standard of care.

Highlands Ranch, CO — March 20, 2019 – Securisyn Medical, LLC, dedicated to inspiring the world to collaborate to make airway management safer, proudly announced today that they have joined the Catalyst HTI ecosystem in Denver, Colorado.

“Catalyst HTI has taken a bold approach to reimagining and delivering innovative solutions to solve some the biggest and most complex challenges facing us in health care by bringing cutting-edge health care companies together in partnership with providers, payors, government, academic and non-profit organizations,” said Mark Bruning, President and CEO of Securisyn Medical, “we have joined Catalyst HTI because they share the same sense of passion, collaboration and innovation that is ingrained in our own DNA and mission.”

“We have been watching this campus and community closely as it grew and more start-ups and companies that we respected joined Catalyst.” Bruning noted, “But, what really sealed the deal was a recent micro pitch networking event featuring 70 companies in Catalyst that we attended as a guest of Mike’s. We were absolutely blown away by the incredible energy, diversity and commitment in the room from companies, partners and investors alike. That’s when our team said, we need to be a part of this”.

“I can't wait to have Securisyn's leadership on campus as we embark on a new journey to reimagine this industry, by doing it together.” said Catalyst HTI President Mike Biselli. “We are thrilled that Securisyn Medical has joined us at Catalyst HTI, to further their journey to help solve common, costly and often preventable complications of airway management for ventilated patients.”

Securisyn Medical, was co-founded by Colorado natives Dr. Arthur Kanowitz MD, Chairman/CMO and Elyse Blazeovich, COO/CFO, with a singular vision to make airway management safer through innovation, education and collaboration. Elyse added, “Our successful development and delivery of disruptive technology to the patients who need it, depends in large part on our collaboration with the vibrant entrepreneurial life science community right here in Denver. We are thrilled to become an integral part of the Catalyst innovation ecosystem that is elevating Colorado to the leader in healthcare transformation.”

Securisyn Medical intends to use its lifesaving technology to fill an unmet need for civilian and military healthcare facilities globally that deliver care to mechanically ventilated patients in critical care areas such as Intensive Care Units (ICU), Operating Rooms (OR) and Emergency Departments (ED), as well as ground and air medical transportation entities.

About Securisyn Medical, LLC.

Securisyn Medical, LLC (www.securisyn.com) headquartered in Highlands Ranch, Colorado, is a young and innovative medical technology and solutions company dedicated to creating and cultivating an approach to airway management that will enhance airway safety, prevent unplanned extubation and its associated complications, provide peace of mind for patients, their families, and practitioners and decrease healthcare costs through ethical, profitable, and sustainable business practices. The company is focused on collaborating with stakeholders around the world to eliminate preventable deaths related to airway management.

About Catalyst HTI

Located in Denver, Colorado's River North District (RiNo), Catalyst HTI is a 180,000 square-foot industry integrator designed to bring health-tech start-ups and established health care entities together under one roof. The building covers an entire block, located on the west side of Brighton Boulevard between 35th and 36th Streets. Catalyst HTI's goal is to bring together private enterprise (startups to Fortune 100), government, academic and non-profit organizations with healthcare providers and payers to accelerate innovation and drive real, lasting change.
